The First Cheque

for the **Next Generation of Builders**

Overview

About Us

The first 20L is the hardest to raise.
We make it happen.

01

MUV is a $10 Mn investment vehicle for under-25s, bold enough to break things, build fast, and bend the rules, backing rebels with capital, community, and credibility.

02

Our all-in approach backs everyone; dropouts, coders, creators, self-taught hustlers, side-project founders, small-town tinkerers, from Tier-1 believers to Tier-3 dreamers, we back those who dare to build.

03

No suits. No red tape. Just a pre-seed cheque and a crew that backs you before the world catches on.

Our Investment
Philosophy

Not just capital. **A launchpad.**

MUV bridges the belief gap for student founders.
When others only see resumes, we see resilience.
When the world sees risk, we see raw potential.

- **Community-Led Capital:** Every cheque connects you to a powerful tribe of under-25 founders.
- **Mentorship That Matters:** No token advisors. Real operators sharing battle-tested insight.
- **Founder Autonomy:** We sharpen your thinking, not write your playbook.
